NAAC Visit – Velammal Engineering College

Greetings from Wipro Technologies! As a regular Employer in this campus, it is our pleasure to provide feedback on the following parameters :-

- Performance of the Students
- Infrastructure of the College
- Teaching & Learning Process
- Curriculum
- General feedback about the college

We have found the students of Velammal to be extremely disciplined. The trainers state that they are both respectful and well behaved both in the classroom and in the office premises. Their performance in the various assessments has been **Good**.

The college has taken the initiative to provide state of the art facilities for the students. The labs are well equipped with the latest technologies that students require. The auditorium, classrooms, placement related infrastructure, sports facilities are also well done up.

Velammal College of Engineering has been taking a proactive approach in implementing innovations in teaching learning process in their classrooms. They were the first college in Tamil Nadu to adopt the Mission10X Faculty Empowerment Program which enables engineering teachers to adopt latest methods, methodologies in creative teaching aspects through effective usage of tools and techniques. About 59 faculty members have been certified as Dale Carnegies High Impact Teachers by acquiring the ability to create a positive impression, evaluating the different ways to simplify complex information in engineering and developing an expertise in communicating the information effectively and in different ways. They have also been able to respond to difficult classroom situations instead of reacting at the spur of the moment, which has helped them to inspire their students to adopt change smoothly.

Overall it has been our privilege to interact with the students, faculty and management of Velammal Engineering College and deem them as one of our premier academic partners.

Regards,

Aarthi Krishnaswami
